SAFE began in the Pilbara in 2003 to address the lack of animal rescue services for homeless cats and dogs. Since then, SAFE has grown into a successful multi-faceted animal welfare organisation with ten (10) regional entities across Western Australia.

SAFE's network of temporary foster carers open their homes to homeless cats and dogs whilst permanent homes are sought. The primary goals of SAFE are an end to the over-population of pets in Australia, zero euthanasia of rehomingable pets and a good quality of life for all companion animals. www.safe.asn.au
